To,
Mrs. Darshana Kaur Rehal
Vice President,
HRPC Maharashtra State

Subject: Appreciation and Feedback for Support on National Science Day –
28th February 2026

Dear Mrs. Darshana Kaur Rehal,

On behalf of the entire school fraternity, I extend my heartfelt gratitude and sincere appreciation for your invaluable support in organizing and celebrating National Science Day on 28th February 2026.

Your gracious presence and active involvement added immense value to the event. As the Vice President of HRPC Maharashtra State, your encouragement inspired our young innovators to think scientifically and present their ideas with confidence and enthusiasm. It was truly motivating for the students to receive recognition from a leader of your stature.

We deeply appreciate your generous gesture in honouring the five top-performing groups of the Science Project with awards and for personally distributing 16 certificates to all participating students. Your words of encouragement and thoughtful interaction with the students significantly boosted their morale and strengthened their interest in scientific exploration.

The feedback received from students, teachers, and parents has been overwhelmingly positive. Your support not only elevated the standard of the event but also reinforced the importance of nurturing scientific temperament among young minds.

We look forward to your continued association and guidance in future academic and co-curricular initiatives of the school.

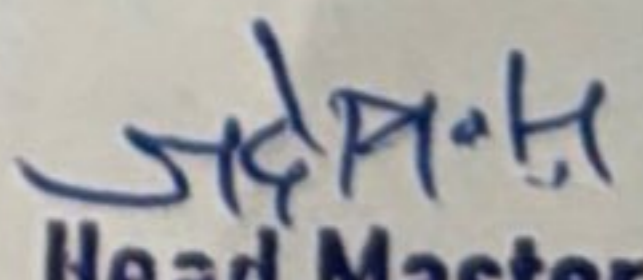

Once again, thank you for your dedication, encouragement, and commitment towards empowering students and promoting science education.

With sincere appreciation,

[Principal's Name :- Mr. Madke Jagdish Deu]
